Carved Antique Black Forest German Sideboard Cabinet Buffet

This large oak buffet comes from the Black Forest region, world famous for its hand-carved furniture. Enlarge the photos to appreciate the fine detailed carving in the four panel cabinet doors, each portraying curved vines abundant with grape clusters and leaves. The impressive barley twist columns were a traditional style element of the era as well. This sideboard would also serve well as a liquer cabinet, it can not only store bottles and glasses, but the center mirrored section is ideal to display special decanters or fine bottles as well. This Black Forrest cabinet is being sold in as is, original used condition as we found it in Europe. We invite you to contact us with any questions regarding this or other pieces, and hope to assist you further.
