coffee table - plug in added

Late 19th century French coffee table, crafted in oak. The table features two drawers fitted with iron pulls, adding useful storage to the simple and sturdy form. The oak top shows tremendous character, with old knots, gnarls, gouges, scratches, and stains all combining to create a rich rustic effect. Age related separation is seen between the two planks that compose the top, all consistent with years of use. The table rests on squared legs, giving it a grounded and straightforward look. Restored strong, stable, and ready to use. Please refer to professional photos for clear understanding of color, condition, and details; photo lighting, individual monitor display and home lighting all impact how item is viewed.
