Rococo White Painted Chest of Drawers, Denmark circa 1770

This antique rococo chest of drawers from Denmark features a serpentine front, brass hardware pulls and an exceptional (newer) white painted finish with contrasting black painted top.

Curves accentuate the skirt and front cabriolet legs.

The lightly scraped white paint creates a warm contrast with the natural wood beneath and compliments the age and grace of this dresser.

This chest has been restored, case is sturdy and drawers are in working order.

Any scratches, cracks, dings, or age related separation are reflective of age and do not detract from the beauty nor function of this tall chest of drawers.

Please refer to professional photos for clear understanding of color, condition and details; photo lighting, individual monitor display and home lighting may all impact how item is viewed.
