## Tall Bow Front Original Painted Pine Corner Cabinet, Sweden circa 1800-20

This tall bow front pine corner cabinet still maintains its original hand-painted finish with simple floral details remaining along the panels and topped with traditional dentil molding.

The original blue/green/teal painted finish has a soft, worn patina aged over generations of use. While under light (including that of the camera) the paint may appear more green, in softer light the cabinet may look more blue to the natural eye.

This corner cupboard stands over 7.5' tall and is made in two parts creating an attractive open niche between the upper and lower cabinets.

Interior reveals natural pine with fixed shelves.

Professionally restored, this corner cabinet is strong and stable; all the doors are working well and the case has been finished with a natural wax.

Upper lock and key still function (key included); lower cabinet door has no pull nor lock.

All scratches, cracks, dings, or age related separation are reflective of age and do not detract from the beauty nor function of this special Dalarna corner cupboard.

Please refer to professional photos for clear understanding of color, condition and details; photo lighting, individual monitor display and home lighting may all impact how item is viewed.
