Gray Painted Baroque Library Console Table, Denmark circa 1860-80

This handsome baroque pine library table with three drawers has heavily turned legs and an attractive X shaped lower stretcher. The base has been given a newer, professionally applied layered antique gray painted finish and is lightly distressed revealing the natural wood below while complimenting the contrasting black painted top.

All scratches, cracks, dings, or age related separation are reflective of age and do not detract from the appeal nor function of this heavy console table. Note nick on left leg and scratches/distress to top, etc.

Please refer to professional photos for clear understanding of color, condition and details; photo lighting, individual monitor display and home lighting may all impact how item is viewed.
