Large Blue Painted Oak Chest of Four Drawers, Sweden circa 1820-40

Large antique oak chest of four drawers with handsome brass hardware pulls all resting on cabriolet feet.

It has been given an exceptional new professional pale blue/seafoam layered painted finish and has been lightly distressed, bringing out the natural oak below, fitting the age and grace of the dresser.

This large chest has been restored, case is sturdy and drawers function.

All cracks, dings, aged separation (in particular the bottom of each drawer) are reflective of age and do not detract from the beauty of this large chest of drawers. Old repairs seen, some pine wood used. Please refer to professional photos for clear understanding of color, condition and details; photo lighting, individual monitor display and home lighting may all impact how item is viewed.
