

Console Table-plug in added

It is the incredible patina of the aged wood that creates the appeal in this French console table resting on turned legs. The generations of use are revealed in every old knot, nick, crack, etc. all resulting in the deep patina of the 3" thick top, made more interesting with the texture of old dried up wormholes throughout. The large functioning drawer is 16.75" deep and opens with a brass pull. Restored, strong, stable, this has been given a wax finish and is ready to be placed and enjoyed. All scratches, cracks, dings, or age related separation are reflective of age and do not detract from the beauty nor function of this special console table. Please refer to professional photos for clear understanding of color, condition and details; photo lighting, individual monitor display and home lighting may all impact how item is viewed.

With over 37 years of experience selling European antiques, our brick-and-mortar storefront, Round Top Ranch Antiques (located in Texas) offers one of the largest curated selections in the nation with over thirty-five thousand square feet of inventory to choose from.
