## Antique 19th Century Blue/Gray Painted Swedish Gustavian Mora Grandfather Clock

Graceful curves and unique carving accentuate this striking antique grandfather clock from Sweden. The carvings here represent the Gustavian Period, circa 1830. Please examine the close up photos to appreciate the distressed blue/gray painted finish with white undertones which compliment the Gustavian styling and brings out the carved fan details of the clock. Any original clock works remaining will be included with the long case but they are not in working condition.

This item is part of our "un-restored" collection and is being sold in "as is, used" original condition; how we found it in Europe. You are welcome to contact us directly if you would like to learn more about this or other items, we will be happy to assist you further.
