Large Pine Display Cabinet Bookcase from Denmark

This large pine display cabinet is a reproduction of a typical cabinet from the 1800's in Europe and breaks down into two large sections for easier transportation and installation.

The pine has a warm, inviting patina and country appeal with wood pulls and bun feet.

The upper display section with three glass doors has adjustable shelves; lower section has three wood panel doors. Locks function with keys (3 included).

The entire pine wall unit has been restored, it is strong and stable ready for use.

All scratches, cracks, dings, and age related separation do not detract from the beauty nor function of this large pine display cabinet.

Please refer to professional photos for clear understanding of color, condition, and details; photo lighting, individual monitor display and home lighting all impact how item is viewed.
