19th Century Antique Oak Welsh Dresser, Buffet

There is an abundance of storage in this tall oak sideboard or buffet from England. Also known as a Welsh Dresser, this is made in two sections with the upper cabinet originally used as a plate rack with a narrow center storage door and petite drawer. In the lower sideboard is a series of nine drawers in graduated sizes and center cabinet door, each with the original brass pulls. This buffet is being sold in as is, original used condition.
