Antique Swedish Gustavian Chest of Drawers

Clean, lovely lines accentuate this small chest of drawers that may also be used as a nightstand. The dental molding, carved details and graceful feet all point to the classic Swedish styling of this chest. The white paint was added later, along with the gold accent paint. The buyer may choose to keep or change the finish as desired. This item is part of our "un-restored" collection and is being sold in "as is, used" original condition; how we found it in Europe. You are welcome to contact us directly if you would like to learn more about this or other items, we will be happy to assist you further.
