## Antique Bow Front Mahogany Biedermeier Cabinet from Denmark

Stately and elegant, this mahogany cabinet reveals its Biedermeier style in the classic columns, bronze accents and bowed /curved door, in addition to the striking finish of the rich mahogany. Designed as a pedestal cabinet by an exclusive craftsman, originally this piece likely displayed a special painting or sculpture on the top. Notice the top drawer opens to reveal a personal storage area with petite interior drawers and small mirror, ideal to store jewelry or watches. This stunning mahogany single door cabinet is a style statement of refined elegance. Note that this piece is sold "as is" as there has been no added restoration or re-finishing done to it since recently arriving in the US from Europe.
