## Antique Original Red Painted Swedish Dome Top Trunk Dated 1853

There is a graceful country charm to this domed top pine trunk from Sweden. The delightful original red paint remains, along with the cornucopia of flowers embellishing the front and two additional bouquets of flowers on the very top. Notice the monogram and date of 1853, indicating this trunk was likely commissioned as a wedding present for a happy couple starting their life together. In the detailed photos you will see the additional painted stenciling and hand-wrought iron handles and long hinges, traditional elements of the period. The interior is clean, and to the upper left is a small storage compartment for personal items to "not get lost" within the large trunk. There is an age related separation along the top where the two curved planks join together, which is very common with a domed top of this age and does not impact the function nor strength of the piece.

This original painted trunk is part of our "un-restored" collection and is being sold in "as is, used" original condition; how we found it in Europe. You are welcome to contact us directly if you would like to learn more about this or other items, we will be happy to assist you further.
