Late 19th Century Rustic Narrow Console Table from Carpenter's Workbench

The worn patina of this old carpenter's workbench is a reflection of its age and years of use. Every ding, scratch, deep gouge, paint spill and stain enrich its character and appeal.

This rustic worktable is narrow, at only 11" deep with one lower trestle "runner" it is ideal to serve as a unique and narrow rustic console table or sofa table.

This console table has been restored and waxed; it is strong, stable and ready to be placed and enjoyed.

Please examine the close up photos to appreciate the patina, joints and old hardware. Photos are part of description, please ask for additional photos of specific areas of question or concern.
