Early 20th Century Wine Tasting Table with Wine Press Base

This unique wine tasting table or standing bar/table was created with an antique wine press from Austria as the intriguing base. The circular top is made from old boxcar /railroad car flooring which lends a strong balance to the industrial feel of the wine press base.

Note the heavy wrought iron bolts, bands and turning mechanism.

Crafted in oak, the wine press alone is a heavy base that is crowned with a thick (reclaimed) boxcar flooring oak wood top. Note the heavy gouges, scratches and distress from years of use hauling via train. Restored, waxed, stable and ready for use, this truly one of a kind standing bar table will be a conversation starter with all your guests.

All nicks, cracks, scratches, gouges, distress and signs of wear are age related and in no way impact the strength, function nor appeal of this incredible wine tasting table.

Estimate weight 200-300 lbs.

Height to table top:49.5"

Height to central iron turning mechanism: 53.75"

With over 37 years of experience selling European antiques, our brick-and-mortar storefront, Round Top Ranch Antiques (located in Texas) offers one of the largest curated selections in the nation with over fifteen thousand square feet of inventory to choose from.
