## Late 19th Century Original Painted Swedish Pair of Demi Lune Console Tables

Late 19th century Swedish pair of demi lune console tables, crafted in pine and retaining their original painted finish. The tables stand on turned legs, and a simple carved circular medallion adorns the skirt and upper legs. The original painted surface has been scraped and distressed, revealing layers of color with an overall rust to russet appearance. Unique carved accents at the top of each leg add further detail. This pair is a great example of Swedish country craftsmanship and charm. Restored, strong, stable, and ready to use. Both tables show typical signs of age and use, including old cracks, scuffs, scratches, and stains, all of which do not detract from the overall appeal of this unique pair. Please refer to professional photos for clear understanding of color, condition, and details; photo lighting, individual monitor display and home lighting all impact how item is viewed. Photos are part of item description, please ask questions or request additional photos of specific areas if needed.
