Late 19th Century Swedish Gustvian Bookcase Display Cabinet with Upper Glass Doors

Elegant and stately Swedish Gustavian style display cabinet or bookcase in two sections standing over 6' tall and just under 6' wide. Lovely curved latticework embellish the glass panes which design is echo'd in the four wood panel cabinet doors below. Newer professional painted finish in light gray with an antique white undertone has all been softly distressed fitting the age and grace of this timeless piece and is complimented with a contrasting pale bluish gray painted interior.

The lower section has four cabinet doors with natural pine interior and shelving. Please note while keys will be included, the old locks no longer function.

Restored, stable and ready for use.

Please refer to professional photos to appreciate the exceptional painted finish, details and condition.

All scratches, cracks, dings, and age related separation are reflective of age and do not detract from the beauty nor function of this beautiful bookcase.

Please refer to professional photos for clear understanding of color, condition, and details; photo lighting, individual monitor display and home lighting all impact how item is viewed. Photos are part of item description, please ask questions or request additional photos of specific areas if needed.
