## 19th Century Swedish Pair of Blue Chest of Three Drawers or Nightstands

A pair of elegant Gustavian oak chests of three drawers painted in soft shades of blue.

Canted fluted side posts with upper carved dentil molding, decorative carved panels on each of the drawers, all raised on four tapered fluted feet.

Each drawer has 2 brass pulls.

The newer, professionally applied and layered blue painted finish which has a soft, "mottled" affect (appears as light white dots) is perfectly distressed to fit the age and grace of this striking pair of chests which will serve well as matching nightstands.

Restored, solid and ready for use, drawers function.

All nicks, scratches, cracks, distress and age-related separation are reflective of age and use and does not detract from the function nor elegant appeal of this striking pair of chests.

Please refer to professional photos for clear understanding of color, condition, and details; photo lighting, individual monitor display and home lighting all impact how item is viewed. Photos are part of item description, please ask questions or request additional photos of specific areas if needed.
