19th Century Swedish White Gustavian Cabinet Sideboard

Gustavian white painted pine sideboard or server cabinet with traditional decorative fluted carved diamond panels topped by egg and dart carving.

Restored, later professionally painted in layered shades of white and lightly distressed to fit the age and grace of this lovely sideboard.

Interior hook and latch hold left door in place when closed. One key included for right door; old lock currently functions. Interior holds two shelves and two upper drawers.

Restored, strong and stable. All nicks, scratches, signs of wear are reflective of generations of use and do not impact function.

Please refer to professional photos for clear understanding of color, condition and details; photo lighting, individual monitor display and home lighting may all impact how item is viewed.
