## 20th Century French Oak Coffee Table

20th century French coffee table, crafted in oak. The table features sliding doors that open to reveal a useful storage area below the tabletop, giving the piece added flexibility and function. The top shows multiple stains, small cracks, age related separation of the three planks that compose the surface, and an old visible repair, all contributing to the aged character of the piece. Restored strong, stable, and ready to use. A handsome and practical coffee table with warm oak character and built-in storage.
