Set of Four 20th Century Pine and Metal Industrial Barstools

Set of four 20th century industrial barstools, crafted in pine with visible knots and natural wood grain throughout. Metal braces cap the legs, while circular metal supports and trim beneath the seats add structure and reinforce the industrial character.

The stools have a fixed seat height of 28 inches and do not adjust, raise, or lower. Scuffs are visible along the edges and feet, with gouges across the seat surfaces and additional scratches and wear throughout from years of use. These signs of age contribute to the vintage appearance of the set.

Solid and ready to use.
