

Pair of chairs - plug in added

This pair of Swedish Gustavian style armchairs have dramatic upholstered high back and sides, decorative carved embellishments, turned feet and more which all add to the timeless appeal of each.

The newer professionally applied antique gray layered painted finish has been gently distressed fitting the age and romantic appeal of these becoming armchairs. Wood frame is restored, strong/stable. Signs of wear including nicks, dings, scratches, and age-related separation are a reflection of age and do not impact the function nor beauty of this pair.

Simple linen upholstery on back, arms and seat with deconstructed look and feel to simply hold in batting; staples and stitched seams visible throughout. Chairs are ready to be upholstered at discretion of buyer. Please refer to professional photos for clear understanding of color, condition, and details; photo lighting, individual monitor display and home lighting all impact how item is viewed. Photos are part of item description, please ask questions or request additional photos of specific areas if needed.
