Large 20th Century French Oak Bookcase Display Cabinet

Large 20th century French bookcase display cabinet, crafted in oak with a warm natural patina. The upper section has four glass cabinet doors, with carved wood details accenting the glass panes. Adjustable interior shelving provides flexible space for displaying books, servingware, collections, or decorative objects.

The upper locks function with the included keys, though the keys may also be used as pulls. The lower section has six paneled cabinet doors that open to reveal additional adjustable shelving. The lower keys should be used as pulls only, as the locks operate inconsistently.

Scuffs, scratches, and areas of discoloration are visible throughout and reflect years of use. Restored, strong, stable, and ready to use. The cabinet is built in two sections for transportation and installation; buyer should confirm it will fit through entryways before arranging delivery.

Please refer to professional photos for clear understanding of color, condition, and details; photo lighting, individual monitor display and home lighting all impact how item is viewed.
