19th Century Original Hand Painted Blanket Chest of Three Drawers from Hungary

The warm earth tone colors are all original on this hand-painted antique blanket chest of 3 drawers from Hungary.

The lovely panels with hand painted flower garlands, birds, grapes and more were traditional folk-art motifs of the era set against a brown faux wood finish, adding a cheerful feel to this chest. Generations of use are revealed in the distress seen throughout including scratches, gouges, nicks, age-related separations seen along the top and sides, and more.

This large pine chest of drawers has been restored; a wax finish adds a soft luster to the piece, and the three drawers function with two brass pulls each.

This blanket chest is solid, stable and functional, including drawers.

All scratches, cracks, dings, and age-related separation are reflective of age and do not detract from the beauty nor function of this special hand painted chest. Many sections especially around edges/corners and the top show more wear, cracks and distress.
