## Pair, 19th Century Swedish Gustavian Black Pine Chest of Three Drawers

A pair of decorative Gustavian pine chest of drawers painted in shades of black with dentil molding carved along the top. Canted fluted side posts with upper carved diamond medallion, raised panels accented with floral medallions along the three drawers, all setting on four tapered fluted feet.

The newer, professionally applied black custom painted finish is perfectly distressed to fit the age and grace of this lovely pair of Gustavian chests and lightly revealing the natural pine below.

Restored and ready for use, drawers function and open with two (reproduction) brass pulls each.

All nicks, scratches, cracks, distress etc. are reflective of age and use and does not detract from the function nor elegant appeal of this striking pair of chests which may also serve as nightstands.
