Early 20th Century French Chestnut Trestle Bench

Early 20th century French bench with a simple trestle base and clean, understated lines. The chestnut wood has developed a beautiful warm patina from generations of use.

Noticeable age related cracks are visible at each end, along with scratches, scuffs, stains, and other surface wear throughout. Slight bow to the center. The feet show additional stress and wear consistent with the age and use of the bench. These imperfections contribute to its authentic aged character and timeworn French country appeal.

Restored, stable, and ready to use.
