19th Century Pair of Pine Nightstands from Hungary

Pair, small pine nightstands, drawer over door with simple arched panel and small floral carving.

One nightstand opens to left, the other to right, interior holds one shelf. Doors open with brass pull and snap in place.

Restored, stable and waxed to bring out the natural warmth of the pine.

All scratches, cracks (seen in photos), dings, dried old wormholes (no longer active) and age related separation (at seams, corners, etc.) are commensurate with age and do not detract from the beauty nor function of this delightful pair. Stains in bottom of drawers.

Please refer to professional photos for clear understanding of color, condition, and details; photo lighting, individual monitor display and home lighting all impact how item is viewed. Photos are part of item description, please ask questions or request additional photos of specific areas if needed.
