## Early 20th Century Small Danish Pine Side Table with Drawer

Danish country pine side table with attractive turned legs and stretcher; small single drawer. Note the drawer has a divided interior (as seen in photos). Restored, strong/stable and ready for use. Wax finish.

All scratches, cracks (see photos of top, legs etc.), dings, stains/discoloration and age related separation are reflective of age and do not detract from the beauty nor function of this lovely accent table which may also be used as a nightstand. Old, dried wormholes (no longer active) are also seen along the top and drawer.

Please refer to professional photos for clear understanding of color, condition, and details; photo lighting, individual monitor display and home lighting all impact how item is viewed. Photos are part of item description, please ask questions or request additional photos of specific areas if needed.
