Pair, Tall Antique Baroque Carved Armchairs from Denmark

This handsome pair of chairs is ready to grace your home or office with both style and function. The hand carved oak arms, feet, and high back are traditional features of the Danish baroque period with a fruit basket on the top center (a sign of prosperity). The barley twist details are visually striking. The green upholstered seat and back can easily be re-upholstered with modern fabric. Comfortable and strong, this pair has not been restored. Any scratches/dinks are comensurate with age. Please inquire if you have specific questions regarding condition prior to purchasing this or other items in our inventory. Seat height: 19"
