

Antique Original Painted Break Down Armoire with Figures, Birds and Flowers from Germany

This stunning "break down" armoire is a wonderful find due to the exceptional hand-painted details. Please examine the close up photos to appreciate how each panel is painted with a unique scene including figures, flowers and birds. The original vivid colors of red, green, blue and yellow remain clear. The date of 1809 is seen along the top, a cityscape accents the lower drawer while flowers embellish the canted and side panels. The decorative hand-wrought iron hinges are all original. This armoire was built in the traditional way to "break down" into separate parts in order to carry/install. Interior shelves are included (may be newer). Any nicks, cracks, scrapes or distress are commensurate with age and do not impact function. This exceptional armoire has been restored and waxed; it is strong/stable and ready for use.
