Rustic Slab Wood Coffee Table from Vintage Work Table

There is something organic and inviting in the thick (over 2") wood top of this rustic square peg leg coffee table. It is the years of use that deepened its character, with a wonderful worn patina grown richer over time. The heavy gouges, stains, old worm holes (of no concern), knots, cracks and nicks all combine to build the depth of character which create the desire to touch it. The coffee table has been restored so it is strong, stable and ready to use and enjoy.
