Antique Dark Oak Refectory Library Table With Decoratively Carved Skirt from France

Heavy turned legs with a trestle base create the great lines in this solid oak refectory or library table from France. The decorative hand-carved skirt adds depth and drama as well. Examine the close up photos to appreciate the dark patina of the oak, grown rich through years of use. While there is a slight bow to the top, it does not impact function nor the ability to safely set glasses upon it. The table is strong, stable and ready for use; any scratches, dings or age related separation/cracks simply add to the authentic vintage appeal of this 6' French oak table which has been left in original condition/unrestored.
