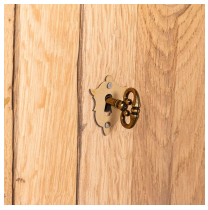
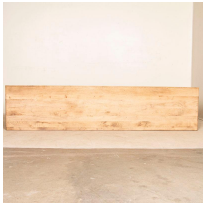
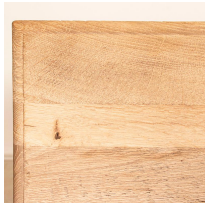
Vintage French Bleached Oak Sideboard Buffet







This vintage long oak sideboard has been bleached giving it a fresh and welcoming look for today's modern home. The four drawers have large pulls and rest over four arched panel doors. While crafted in the late 20th Century, the traditional French country styling is seen in the paneled doors and sides. Typical separation of planks, signs of cracks, etc are commensurate with age, 2 keys are included for locks and to use as "pulls." This sideboard sold as we found it in Europe; it is solid/stable but has not been restored.
