Antique 11' Long Pine Dining Table Farmhouse Trestle Table

It is difficult to source extremely long original antique dining tables, so this one is a great find at over 11' long. This farmhouse dining table has European country charm thanks to the unique X-stretcher base and warm, inviting pine aged with generations of use. Any scratches, dings, areas of distress and old hollowed out knots simply add to the authentic vintage appeal. Long and narrow trestle tables such as this are also called "harvest tables" as they were used at harvest season to feed the additional farm workers on hand to bring in the crops. This long dining table has been restored and waxed, so it is strong, stable and ready for use.
