Antique French Bleached Oak Large Chest of 3-Drawers

This handsome large French oak chest of drawers has been given new life with a bleached finish, lightening the dark oak and bringing out the lovely details of the paneled drawers and tapered feet. Carved wreathes encircle the central key hole while large double brass pulls make opening the drawers easy (locks no longer work). Typical age-related separation along top and drawer bottoms does not impact function, visible stains along the top as seen in photos. This traditional French oak chest of 3 drawers has been restored, it is strong, stable and ready to place and be used.
