Authentic Vintage Black Leather Club Chair from England

Original vintage leather Chesterfield club chairs are highly sought after today. The black vintage leather here is accented with the traditional tufted Chesterfield back, heavily rolled arms and nail head accents. The square shaped seat sits comfortable and deep. The leather is in used, vintage condition with creases and crackles in the leather particularly around the arms which create the desired vintage look. There are no tears to leather but fabric is sagging underneath seat. Please examine photo to understand wear/distress level (any fuzz is from moving blankets). Leather will benefit from cleaning and conditioning. This chair is sold in as is, used condition and is ready to be placed and enjoyed. Seat height 17"
