## Antique Original Swedish Gustavian Chest of Drawers, Painted Gray

This lovely gray painted chest of drawer has the simple yet elegant lines that reveal its Swedish country style. The carving along the panel drawers and side columns were a traditional style motif reflecting the craftsmanship of the era. The (newer) blue-gray paint accents the carved details while fitting the age of the pine chest as well. Due to its size, it will serve well as a nightstand or side table. Restored, the drawers function and it is ready to be used and enjoyed.
