Antique Yellow Painted Laquered Sideboard Console Buffet from China

This long Chinese sideboard still maintains its original yellow color and traditional lacquered finish. Note areas where the yellow paint was worn off, revealing the dark hard wood below which adds both character and depth to the stunning finish. The size and configuration with six unique drawers over six cabinet doors allows it to be used in a variety of settings as a console table, buffet/server or even as a kitchen island. This console is solid/stable and ready for use. Any nicks and scratches are typical and commensurate with age. Please enlarge photos to appreciate the exceptional finish and other details.
