Antique Bleached Oak Display Cabinet Bookcase from France

The traditional scrolled and arched crown is captivating in this French bookcase. The oak has been bleached, giving it a fresh look for today's modern home while bringing in the charm of French country craftsmanship. Carved, scrolled accents bring attention to the upper glass doors and lower paneled cabinet doors while the scalloped skirt and carved feet complete the look. Perfect to use as a china cabinet or to display any collection or books, it has been refinished and is in solid, stable condition. Any nicks, scratches, signs of separation are a reflection of years of use and do not detract from the beauty nor function of this lovely display cabinet from the French countryside.
