## Large Blue Painted Rococo Chest of Drawers, Denmark circa 1780-1800

The allure of this striking oak chest of four drawers is due to the (newer) blue painted finish accenting the Rococo curves and cabriole feet. Please examine photos to appreciate the beautiful layered painted finish, perfectly distressed to reveal the natural oak below and monogram of AKED, indicating it may have been a wedding or anniversary present. Any cracks, wear, separation is commensurate with age including typical aged separation in the bottoms of the oak drawers. This chest has been restored; case is sturdy/strong, drawers function, etc.
