Vintage Yellow and Green Painted Small Chest of Drawers or Nightstand from Denmark

This simple pine chest of drawers has the clean lines and tapered feet of a Danish country piece, and was given a hand-painted finish of yellow and green, each of the three drawers accented with delicate ivy vines. The small size makes it ideal to use as a side table or nightstand. The three drawers function and open with a key to use as a pull (the old locks no longer work) and the case is sturdy - ready to be used and enjoyed. Typical of this era, the back is not solid pine. Please take a moment to enlarge the photos and examine the details up close. Any nicks, scratches, distress to feet, edges and signs of wear are commensurate with age and do not detract from the gentle appeal or function of this small chest of drawers.
