Antique Pine Highboy Chest of Five Drawers from Denmark, circa 1800's

Tall empire pine chest of five drawers with half column accents that rests on separate base with four turned feet.

Four larger drawers have two brass pulls; upper narrow drawer has one small pull.

Top drawer is secured by hidden wood "latch" in top of drawer just underneath it (see photos).

Restored and waxed, this 2-piece chest is solid, stable and ready for use; drawers function.

Age related signs of wear such as nicks, scratches, old stains, etc. are a reflection of generations of use and do not detract from the beauty nor function of this handsome pine chest.
