Long Antique Chinese Console Table Alter Table, circa 1780-1800

Long console table that served as an alter table in late 18th century China. Note the soft, organic finish from generations of use that create a desire to run ones fingers along the surface.

Likely elm wood, the warm patina of the wood reveals shades of residual burnished red color from long ago.

Classic lines give this 10' long console table a timeless look.

Restored, strong, stable and ready for use. The old cracks, nicks, distress are reflective of years of use and all add to the authentic aged appeal of this impressive table.

Please refer to professional photos for clear understanding of color, condition and details; photo lighting, individual monitor display and home lighting may all impact how item is viewed.
