Antique Pine Apothecary Cabinet Chest of 18 Drawers, Denmark, circa 1880

This tall pine apothecary chest of 18 drawers likely served in a Danish country store during the mid to late 1800's. The 18 drawers with metal pull handles will serve well to organize and store items for a craft room or workshop. Restored with a wax finish, each drawer functions and has interior dimensions of 9.5"w x 11.75"d x 6.5"h. Any scratches, cracks, dings, or age related separation are commensurate with age and do not detract from the beauty nor function of this lovely piece. Please refer to professional photos for clear understanding of color, condition and details; photo lighting, individual monitor display and home lighting may all impact how item is viewed.
