Original Gray Painted Farm Table Dining Table from Sweden, circa 1880

This wonderful old farm table from the Swedish countryside is a special find thanks to the original gray painted finish which has been worn down to the warm pine patina below through generations of use.

The top is deeper than most of the era at 39", and the traditional trestle base adds to its farmhouse appeal.

The single trestle "runner" makes it easy to pull chairs all the way in and under the table top.

Restored, strong and level, this table is ready to be used and enjoyed.

The many nicks, cracks, old dried wormholes (of no concern) and signs of wear simply add to the authentic vintage charm of this original trestle base dining table from Sweden.

Please refer to professional photos for clear understanding of color, condition and details; photo lighting, individual monitor display and home lighting may all impact how item is viewed.
