Large Black Chest of Three Drawers from Hungary, circa 1880

This large pine chest of three drawers has been given new life with a professional black matte painted finish, lightly distressed bringing out the carved details and complimenting the age of the dresser. The top has been left natural pine creating a warm contrast to the black, while revealing the generations of use seen in the wear, scratches, stains etc. that add to the authentic vintage appeal of this spacious chest of drawers.

Restored, strong and stable, this dresser is ready to be used and enjoyed. Drawers function and open with two brass pulls each.

Any scratches, cracks, dings, or age related separation are reflective of age and do not detract from the beauty nor function of this lovely piece.

Please refer to professional photos for clear understanding of color, condition and details; photo lighting, individual monitor display and home lighting may all impact how item is viewed.
