Large Rustic Coffee Table With Iron Accents from India, circa 1900's

This large coffee table has tremendous "presence" due to the dark patina of the aged wood and impressive wrought iron trim around edges, corners and large iron nail heads.

Simple carving accents the table skirt, while the wood reveals the character brought about through generations of use in every scratch, nick, aged separation and crack.

At 6' x 4', this wood and iron trimmed table this is a great find for one looking for a large, impactful coffee table in their living space.

Restored, strong and stable, this table is ready for daily use.

Any scratches, cracks, dings, or age related separation are reflective of age and do not detract from the beauty nor function of this large rustic coffee table.

Please refer to professional photos for clear understanding of color, condition and details; photo lighting, individual monitor display and home lighting may all impact how item is viewed.
