Baroque Oak Console Library Table, Blue Painted Base, Denmark circa 1760-1800

This Danish oak baroque table with heavy turned legs has strong appeal with the aged top revealing the depth of generations of use, seen in every crack, gouge and scrape.

The base with single drawer has been given a newer professionally applied blue painted finish, lightly distressed to fit the age of the console table.

Enlarge photos to appreciate how the blue base both contrasts and compliments the rich patina of the aged oak top.

Restored, strong, stable and ready for use. Please refer to professional photos for clear understanding of color, condition and details; photo lighting, individual monitor display and home lighting may all impact how item is viewed.
