Gray Painted Small Chest of Nine Drawers, Sweden circa 1860

Fascinating Gustavian pine chest of nine drawers with fluted columns, dentil molding and tapered fluted feet.

The unique configuration of drawers with central three in a square shape creates visual intrigue.

The newer, professionally applied layered gray painted finish is gently distressed to fit the age and grace of this chest.

Restored, strong, stable and ready for use, the drawers all function and have brass pulls. Top center drawer (only) has interior dividers seen in photo and opens with key used as a pull.

Any scratches, cracks, dings, or age related separation are reflective of age and do not detract from the beauty nor function of this interesting chest that may also serve as a nightstand.

Please refer to professional photos for clear understanding of color, condition and details; photo lighting, individual monitor display and home lighting may all impact how item is viewed
