Pair, Carved Limestone Lion Garden Statues, Denmark circa 1920-40

Pair, early 20th century French lion statues carved in limestone. Male lions with handsome mane are in sitting position. The aged patina including distress to finish, wear, old lichen/stains, pitting all reflect generations of sitting outside in the elements resulting in an authentic aged appeal.

See photo of top of head revealing a hole (in each), was likely a mount for some type of rod.

Provenance: A Danish manor house on the island of Fyn.
